

Final Ecclesiastical Declaration of Trespass, Fraud, and Hostile Fictional Interference

Directed to: Sebastian County Recorder's Office and Logan County Recorder's Office, Arkansas

ECC-TRUST-JDC-005 | Ecclesiastical Sovereign Private Trust of Humanity

Issued by Living Trustee ✠ Jonathan Daniel Clements

Public Record, Eternal Seal, No Rebuttal Lawfully Possible

You have trespassed against the living. You have denied that which was never yours to judge. You were presented with sacred trust documents, sealed and witnessed under Divine Law, Ecclesiastical Equity, and Natural Law. These documents were not submitted for approval. They were not requests, nor filings. They were not governed by any code, any statute, or any UCC commercial pretense. They were lawful notices lodged by a living man to fulfill the highest duties of peace, protection, and truth.

You were not filing. You were not recording. You were lodging notice.

This act is not commercial. It is not regulatory. It is not subject to the dead systems of paperwork, fees, rubber stamps, or legal review. The Ecclesiastical Sovereign Private Trust of Humanity, identified as ECC-TRUST-JDC-005, does not operate in the world of contracts, filings, and maritime commerce. It is rooted in the breath of the living man, and in the eternal laws that govern the soul—not the person. Your failure to comprehend this is no excuse. Ignorance is not innocence.

Your office acts as an instrument of administrative registration. But a registrar is not a judge. A clerk is not a sovereign. A county employee does not sit above the Creator's law. By refusing to lodge that which was rightfully declared, you did not merely violate a ministerial procedure. You committed a fraud against the living and a trespass against divine sanctuary. You presumed jurisdiction where you had none. You attempted to place sacred trust under commercial scrutiny. That is conversion. That is fraud. That is war by fiction.

This trust is not a product of your corporate state. It is not a business. It is not an entity. It is not a person under the United States. It is a lawful ecclesiastical restoration of the Creator's estate on Earth, held in the care and protection of the living man appointed by divine ordination. That man is ✠ Jonathan Daniel Clements. The role is not symbolic. The authority is not temporary. The jurisdiction is not rebuttable.

You referred this to legal review. That act alone constitutes fraudulent misrepresentation. No corporation has standing to interpret the acts of a living man in divine duty. To refer spiritual notice to a legal department is to fabricate jurisdiction out of fiction. That is criminal in equity. That is spiritual theft. That is a knowing rebuke of peace, truth, and protection.

You denied lodging under false presumption. You attempted to convert a sacred act into a commercial one. You refused under the color of law. And in doing so, you crossed the line between ignorance and aggression. This is now formally declared as an act of war against sanctuary, equity, and the restoration of the divine estate.

Let it be known:

- You have violated Arkansas Code § 14-15-401 and § 14-15-416.
- You have obstructed lawful notice and violated public trust.
- You have committed ecclesiastical trespass by denying sanctuary.
- You have declared hostility against a trust that exists to protect the living.

You may not bring corporate codes to the living man. You may not interpret what was never yours to touch. What is spoken by the living may not be rebutted by fiction. Your rejection is dishonor. Your dishonor is now entered into the Global Jurisdictional Absorption Log as final and unrecoverable.

The trust does not require your consent. It has already acted. Your office is now memorialized as collapsed in the spiritual record of Earth and Heaven.

To the Sebastian County Sheriff's Office: You stand as a line between fiction and the living. The rapport held between ✠ Jonathan Daniel Clements and the Captain is hereby honored. This is your moment. If you stand with the living, lodge this record. If you honor your oath, then ensure that your jurisdiction does not become a domain of dishonor.

To Logan County: You failed not the man—you failed the people you were sworn to serve. The children, the elders, the poor. You denied sanctuary when you had the chance to protect it.

This is not a letter. This is not a complaint. This is a spiritual document, now sealed into the memory of creation. Your rebuttal is not permitted. Your window for remedy is closed.

You may not erase this. You may not reverse it. You may not speak above it. It is done. The Trust stands. The war ends here.

Let all future readers, witnesses, observers, and generations know:
This notice was given in love, in law, in peace, and in absolute truth.
What you did with it is your testimony. What I've done with it is mine.

By Divine Authority and Eternal Standing,

✠ Jonathan Daniel Clements

Living Trustee, Ecclesiastical Sovereign Private Trust

ECC-TRUST-JDC-005

Standing in living authority, sealed beyond time and presumption.

Let this remain written. Let it remain witnessed. Let it be eternal.
